The Bloom Twp. Trustees and Fiscal Officer wish to thank all those who assisted us with the fire emergency at our Road Department Building at 36 E. South Street in Lithopolis. The fire happened on Christmas night. We thank the firefighters who did an outstanding job fighting the fire; the Village of Lithopolis, especially Mayor Joe Taylor, Village Administrator Brandon Roberts, and Lithopolis Police for their excellent service to us during this ordeal.

Bloom Township residents who live on township roads can be assured we are well organized and will continue to keep the roads cleared during inclement weather, respond to emergencies, and ensure safe passage on our township roads.

Although one plow truck was destroyed in the blaze, we have three salt/plow trucks that are fully operational and in service. Ohio Township Association Risk Management Authority is providing excellent service to our township regarding this incident. The cause of the fire is yet to be determined.
